

TWILIGHT STAR KITS

FIBER OPTIC SKY SYSTEM

YOU COMMAND THE NIGHT!

No one makes an easier star kit system than Epic Sky, the leader in fiber optic star technology.

**INSTALLATION IS
SIMPLE AND EASY!**

- 1 Position the template to your surface and drill the star pattern.
- 2 Insert the fibers into the holes and glue into place.
- 3 Screw the pre-made fiber head into the twilight module then turn it ON!

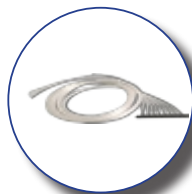

PRESTO! YOU HAVE YOUR CUSTOM NIGHT SKY.

You can trim the fibers flush after your final coat of paint. Intervals of your desired effect can be adjusted through DIP switches on the back of the Twilight module.
